SKILLS

- HTML/CSS/JS
- Power BI
- Libraries: Numpy , Pandas
- Databases: MySQL, PostgreSQL
- JAVA
- PYTHON
- Tools & Technologies: Git/GitHub,
  Docker, Jenkins.

CERTIFICATIONS

Data Analytics Certificate
   By Simplilearn | April 2025

Web Development Certificate
   By Acmegrade | July 2024

Power BI Certificate
   By Simplilearn | June 2025

Data Analytics Job Simulation
   By Deloitte | June 2025

OBJECTIVE

Motivated Computer Science student with a strong skill like Web Development, Data Analytics and Devops. Good in problem-solving and analytical thinking, with keen interest in software development and web technologies. Seeking to apply my skill and knowledge in a challenging and dynamic environment.

WORK EXPERIENCE

Intern Software Engineer
Scalefull Technologies , Pune

- Assisted in setting up CI/CD pipelines using Jenkins/GitHub Actions/GitLab CI for automating code deployment.
- Worked with Docker to containerize applications and managed containers using Kubernetes.
- Managed source code and branching strategy using Git and GitHub/GitLab.
- Gained experience in working with cloud platforms such as AWS, and Azure

PROJECTS

Personal Portfolio Website

- Designed and deployed a personal portfolio website showcasing projects and skills using HTML, CSS and JAVASCRIPT.
- Implemented smooth navigation, contact form, and animated UI components for enhanced user experience.
- Ensured mobile responsiveness and SEO optimization for better visibility.
- Regularly update the portfolio with new projects and certifications.

End to End Sales Analysis

- Developed an interactive dashboard to analyze sales performance across regions, products, and time periods.
- Used SQL to extract, clean, and transform raw sales data from a relational database.
- Performed key metrics analysis such as total sales, profit margins, top-selling products, and regional performance.
- Created visualizations in Power BI including bar charts, line graphs, slicers, and KPIs for actionable insights.
- Helped identify underperforming regions and seasonal trends to aid in strategic decision-making.
